

Vendor Information – Autumn Beemer BASH

There is no extra charge to be a vendor at the Autumn Beemer BASH. Simply purchase a Pre-Registration Package that includes meals or a Gate Pass that does not. If you pre-register you can list vendor information on the form that can be included in our printed program. You are welcome to set up your display as well as enjoy all that the BASH has to offer.

Vendors who wish to be indoors can set up their displays up in the Commercial Building which is also the location for most of the seminars. Those who wish to be outdoors usually set up in the grassy area just inside the entrance, across from the gazebo. Please contact the Fair Office to confirm the location/availability of electrical outlets, cell phone service and online access.
